MICHAEL D'ORLANDO

DRIVER INFORMATION

NATIONALITY: AMERICAN/CANADIAN

RESIDENCE: NEW YORK

Michael d'Orlando is one of America's most talented racecar drivers, making his rise up the ladder in motorsports. He started his career at the young age of 6 years old and since then proved to be one of the next rising stars in motorsports winning multiple national and international championships. Even before his car racing career he competed all across North America and Europe as a factory team driver for Birel ART.

At the young age of 16, even before he learned to drive on the street, Michael made his step into open wheel racing. In 2018, due to budget limitations, Michael competed in only four race events in the Road to Indy driver developments series in the Cooper Tires USF2000 Championship, showing in the top-6 in one event. Similarly in 2019, he only competed in four race events in the F4 US Championship while earning a pole position and a podium result. From 2020 through 2022, Michael started to shine in his first full seasons of car racing.

Under the direction of famed Cape Motorsports, he finished fourth in the Cooper Tires USF2000 Championship in 2020, then moving up the ranks to Vice-Champion in 2021 and culminating the pyramid with the drivers' champion title in 2022, earning a scholarship worth \$406,925 for the 2023 USF Pro Championship Presented by Cooper Tires series. In only a short period of time in racecars, Michael has proven to be one of the most talented young drivers in open wheel racing.

Standing tall at 6'4", a contagious smile, and an outgoing personality, Michael is a true standout with media, fans, series personnel, team owners and crews, and sponsors. Michael is the embodiment of a true brand ambassador and athlete.
